

NEW PRODUCT

WB Knee N' Back Pad

Helps prevent occupational injuries resulting from knee and back pain

This lightweight (1.2 lbs) multi-functional pad has 2 indentations that cradle and comfort the knees. In addition, when flipped over, it provides both back and side support. Great plumbing install tool.

YOU ONLY HAVE ONE SET OF KNEES AND ONE BACK. PROTECT THEM!

Features:

- Ergonomically designed for total knee support at: 18" x 13.5" x 2"
- Constructed of CLOSED CELL FOAM for proven resistance to water, dirt, oil, PVC glue, primer and paint
- Cleans easily with mild soap and water
- Ribbed anti-slip surfacing on bottom provides stability while working
