FAUCET CONSTRUCTION:

- Ceramic disc cartridges
- Nylon reinforced flexible hose waterway with brass connections
- Solid brass chrome plated spout
- Zamac #3 chrome plated metal handle base
- Brass supply connections with 1/2" IPS threads
- Solid brass pop-up assembly

OPERATION:

- Twin lever, wrist blade, canopy or acrylic handles
- Requires less than 5lb force to operate valve
- 90° turn from full off to full on
- 2.2 gpm (7.6 l/min) aerator

STANDARDS:

- Designed and manufactured to comply with CSA B-125, ASME A112.18.1M and NSF standards.
- Wrist blade and lever handle units also comply with ADA standards.
